The statements, opinions and projections contained within RT Hospitality Solutions reports and discussion papers are given in good faith. However, in the preparation of such, we rely upon our own observations during fieldwork and information supplied to us by various organisations. We do not conduct an audit of the information provided by others but accept it in good faith. All sources of information are stated within the document.

You should also be aware that the preparation of reports and discussion papers necessitates making projections of the future which are inherently uncertain and our opinion is formed based on the underlying representations, assumptions and projections detailed in the document. Typically, there will be differences between projected and actual results, because events and circumstances frequently do not occur as expected, and these differences may be material. We do not express an opinion as to whether projected results will approximate actual results, nor can we confirm, underwrite or guarantee the achievability of the projections, as it is not possible to substantiate assumptions which are based on future events. We make no warranty to any third party in regard to the contents of this report.

Reports and discussion papers are prepared solely for the use of the client's Board and Management. Accordingly, the documents are not to be used for any other purpose, nor are they to be made available to any other party, without the prior written consent of RT Hospitality Solutions.
